

GALLERY 78 FINE ART

Last updated: July 23, 2020

We are very excited to be opening our doors again to friends, clients and visitors starting Wednesday, May 13.

The health of all who enter our building is foremost in the measures we have implemented including undertaking frequent surface cleaning for railings, doorknobs, and other high-touch areas. We have hand sanitizing/washing opportunities and are asking people to use hand sanitizer when they first come enter the building. Our generously sized rooms will allow people to maintain social distancing.

A self-screening poster will be located on our front door prior to entering.
Please make sure you are safe to enter.
We will limit the number of visitors to 10.

Monthly exhibition openings are permitted with the following changes: a limit of 15 in the gallery at one time, masks are mandatory, and visitors will come in through the back door and stairway, and exit through the front to ensure continuous flow.

As of July 23, 2020, we are required to collect visitors' names and phone numbers. Read about the government's order here: [Collection of names and contact information under the Mandatory Order COVID-19.](#)

For those people who do not feel comfortable leaving home, we will continue to offer FREE DELIVERY in the greater Fredericton area. Packaging is always complimentary and shipping is available for out of town clients.

If you would like to try anything in your home please communicate with us by phone (506-454-5192) or by email (art@gallery78.com), or via social media (@gallery78official on Instagram, @Gallery78 on Facebook). Our website is always open at www.gallery78.com.

Thank you to all our clients who have supported the gallery and Atlantic Canadian artists during this time!
